

Brazilian Petroleum Partnerships (BPP)

Energy Platform Participações S.A. - EnP

Energy Platform (“EnP” or the “Company”) is a Brazilian company operating in the energy sector. Headquartered in Rio de Janeiro, Brazil, the Company was launched in March 2020 and is chaired by Mr. Marcio Felix Carvalho Bezerra (<https://www.linkedin.com/in/marcio-f-a0b75148/>).

EnP’s founding shareholders are Grupo Águia Branca (a reference in logistics and road transportation) and Imetame Energia (an onshore operator in Brazil). These two companies are partners and will be critical for the development of the EnP proposal.

The Company's vision is to operate in the entire value chain of energy transition. Primarily, EnP will focus its efforts on oil and gas (O&G) onshore exploration opportunities in Brazil.

COMPANY’S EXPERTISE AND DIFFERENTIALS

EnP is engaged in the exploration, development and operation of energy ecosystems, which combines different energy sources (fossil fuel and renewable energy) to generate an increasingly renewable energy matrix.

The Company’s executives and technicians have extensive experience in the O&G industry, both in the public and private sectors.

EnP holds partnerships with institutions specialized in renewable energy, which provide the Company the knowledge and experience necessary to carry out its energy transition projects.

KEY CLIENTS AND PROJECTS

EnP develops projects that aim to achieve a more optimal balance of carbon emissions in energy ecosystems. To further this goal, the Company operates both in the exploration and production of oil and natural gas in onshore fields in Brazil and in the identification, development, and production of renewable sources of energy.

MAIN PRODUCTS

- Exploration and production of oil and natural gas in Brazil’s onshore fields;
- Development and operation of O&G projects (refineries; gas pipelines, CNG, LNG, among others)
- Consulting services for E&P, Gas and Infrastructure and Energy Transition in:
 - Strategy & Business Development
 - Engineering Strategy
 - Logistics and Supply Chain Gas and infrastructure;
 - Government relationship regulation and strategy;
- Development and operation of other renewable energy projects.

TYPE OF PARTNERSHIP THE COMPANY IS SEEKING

EnP is looking for partnerships with local and international companies to invest in energy projects, such as: exploration and production of oil and gas in Brazil’s onshore fields (from the acquisition of exploration blocks to oil production); development and operation of O&G projects; development of renewable energy projects; among others.

INTERNATIONAL PRESENCE AND PROJECTS

We aim to do global businesses, especially in America, Europe and Asia with a focus on Brazil
